Darned clever, these Canadians!

Perhaps America, Australia, New Zealand and Europe should consider changing their currencies too.

Due to the global war on terrorism, many terrorist organizations have had their finances frozen. Consequently, they have resorted to counterfeiting.

The Canadians have decided to redesign their currency to prevent the radical Muslims from even touching it! It is also hoped that this will have a positive effect on tourism.

Darned clever, these Canadians!

Muslim terrorists have to kill themselves if they see a naked woman. Those Canadians always find the solution!

Must be the pure water up there in the North!
