The ☐ Original Computer!!!!

Memory was something you lost with age

An application was for employment

A program was a TV show

A cursor used profanity

A keyboard was a piano

A web was a spider's home

A virus was the flu

A CD was a bank account

A hard drive was a long trip on the road

A mouse pad was where a mouse lived

And if you had a 3.5 inch floppy.

You just hoped nobody ever found out!?!
